Transforming Lives Together - Filling the Gap

Filling the Gap (FtG) is a network of churches delivering food and activities during the school holidays. This initiative is aimed at families in receipt of free school meals but the provision is open to all children and their parents/carers. We have 20 churches delivering Filling the Gap at present.

Pray:

- That more churches will join the initiative so that more families can be supported during the cost-of-living crisis
- That TLT will be successful in building a 'support fund' to help churches delivering FtG to be able to replace equipment, buy food etc.
- That God will guide us to show us how we can best support churches to get involved in this and all our initiatives so that more lives are being transformed.

Transforming Lives Together - CommuniTea

Over the winter months (October -February) in the attempt to help combat fuel poverty, encourage positive mental health and build community, some of our churches are planning to offer a free weekly hot meal to people in their local community -CommuniTea. We are asking other churches if they are doing something similar or would like to but don't know where to start. Following the responses to a survey we are sending out in September, we will hold an online meeting to share ideas and discuss next steps.

Pray:

- That churches will have the resources to provide hot meals either weekly or monthly
- That relationships will flourish between churches and between churches and other organisations to enable them to partner together to join this initiative
- For God's blessing on people across the Diocese who are/will be worrying about how to feed themselves and their families and how to keep their homes warm this winter

Safeguarding Sunday

We remember all victims and survivors of church-related abuse and pray that the Church can learn from the shameful things it has done in the past as it seeks to be a loving, gracious, and welcoming place to all people.

May the doors of this church be wide enough to receive all who come seeking God and fellowship.

May the doors of this church be narrow enough to shut out pettiness and pride, envy and enmity.

May the threshold of this church be no stumbling block to young or frail feet.

May the threshold of this church be too high to admit complacency and self-seeking.

May this church be, for all who enter, a safe place and the doorway to a richer life in Christ.

Bishop Julie has contributed a Bible reflection to a safeguarding campaign organised by Christian safeguarding charity Thirtyone:Eight. Her reflection is part of a [suite of resources freely available to churches](#) to mark Safeguarding Sunday.

Transforming Lives Together - Energy for Life

We have partnered with Citizens Advice to support the most vulnerable residents of Cheshire to reduce their energy bills and make the most of their energy supply. We have secured funding from Energy Redress to create awareness of, and support application to, funds and schemes that can help people with their energy costs. Two advisors employed by CA will provide advice to support people to make changes that will help for years to come.

Pray:

- That the recruitment process will enable us to find the right people for the role of Energy Advisor
- That publicity and advertising will be effective in reaching the people who need support the most
- That churches will play a vital role in building relationships and referring vulnerable people to the advisors

Acton

Please pray for our...

Clergy: Revd Anne Lawson

We thank the Lord for providing our parish with a beautiful church that enables us to host a wide variety of both religious and community activities. Tea in the Tower has become a hugely popular weekly event drawing in people from beyond the parish, including families, ramblers, those living alone, the elderly and visitors to the area. As the name suggests we meet in the church tower on a weekly basis, however the tower is now in need of major renovation and we would like people in the diocese to pray for an impending funding bid for the tower. Thank you.
