Sam and Sara Hargreaves	<p><b>Eco and outdoor worship</b></p> <p>What would it look like to take our engagement with God outside the walls of our buildings? To be inspired by the changing seasons, natural processes, and help all ages re-connect with the Creator? As well as exploring this, Sara &amp; Sam will also share resources for engaging with the natural world while indoors - songs, prayers and acts</p>	<p><b>Refreshing the seasons in worship</b></p> <p>The seasons of the church year offer rich opportunities, but it is easy to get in a rut. Revd Dr Christian Selvaratnam	<b>Why church planting?</b> In the last decade, church planting has developed from being a small area of activity into a strategic aspect of mission for every church. Why should we be rediscovering this ancient practice and what does it mean for us today? This workshop will explore some of the biblical, theological, practical and historical reasons for church planting in your parish and diocese.	<b>How to start church planting</b> The Church of England has recently affirmed the goal to start 10,000 new Christian communities in the next decade and the vision for a parish system revitalised for mission. How might we make a start on engaging with these bold aims and what does it mean for our parishes and diocese to fully embrace this vision?	The Revd Dr Christian Selvaratnam is the founder and Dean of the Centre for Church Planting and the Church Planting Track at St Hild College. Prior to this, he worked for fifteen years at Alpha UK in various roles, including National Director, and concurrently for fourteen years as the Ordained Leader of G2, an Anglican church plant in York. Since living and working on community at Lee Abbey in Devon, her passion has always been building community in whatever way she can, in a society that has become increasingly physically disconnected.</p>

<p>Revd Jane Beaumont and Bishop Graham Dow</p>	<p><b>Healing the Land</b>  Healing the land is often an underestimated ministry. However, it is of critical importance, and its absence is sometimes an underlying reason that hinders church growth. We will be discussing:</p> <ul style="list-style-type: none"> <li>• What the Bible says about healing the land</li> <li>• How to discern problems in your church or church buildings</li> <li>• What help we can offer</li> </ul> <p>There will be a mixture of teaching and group discussions.</p>	<p><b>"My sheep hear my voice, I know them, and they follow me." John 10:27</b></p> <p>Imagine some or all of your church congregation being able to discern the voice of God for themselves. It would transform their life and make evangelism and mission exciting!</p> <p>Jane will consider from a biblical perspective:</p> <ul style="list-style-type: none"> <li>• How God speaks</li> <li>• How to discern His voice</li> <li>• Offer video training material for those keen to learn</li> </ul>	<p>The Revd Jane Beaumont says healing has been a central part of her Ordained ministry, that and discipleship and equipping people to hear the sweet voice of God. Recently retired she says she looks forward to seeing where the Lord is going to lead her: "I hope it will be to people and places that need healing or to those who want to grow in these ministries."</p> <p>Bishop Graham Dow and Rev Jane Beaumont have collectively decades of experience and have witnessed some remarkable healings and deliverances which have led to spiritual growth.</p>	<p>Meeting Room 8</p>

The Revd Vicky Barrett	<b>Reflective Ramble to Riddings (3 miles)</b> The group will leave from Swanwick to walk over nearby fields out to the neighbouring village of Riddings and loop back again.
