

I went to mars and I
found a mars bar and
I saw rocks and
saw the moon and
I new the moon is a
satelite and the stars
the made of dust and
I saw the world
from mars.

I went to the
PLANETARIUM and it
was in ROYALTON High
school it was FUN. We
learned about stars I
learned some facts. Did
you know the sun is a
star?

We went in the
We went in the

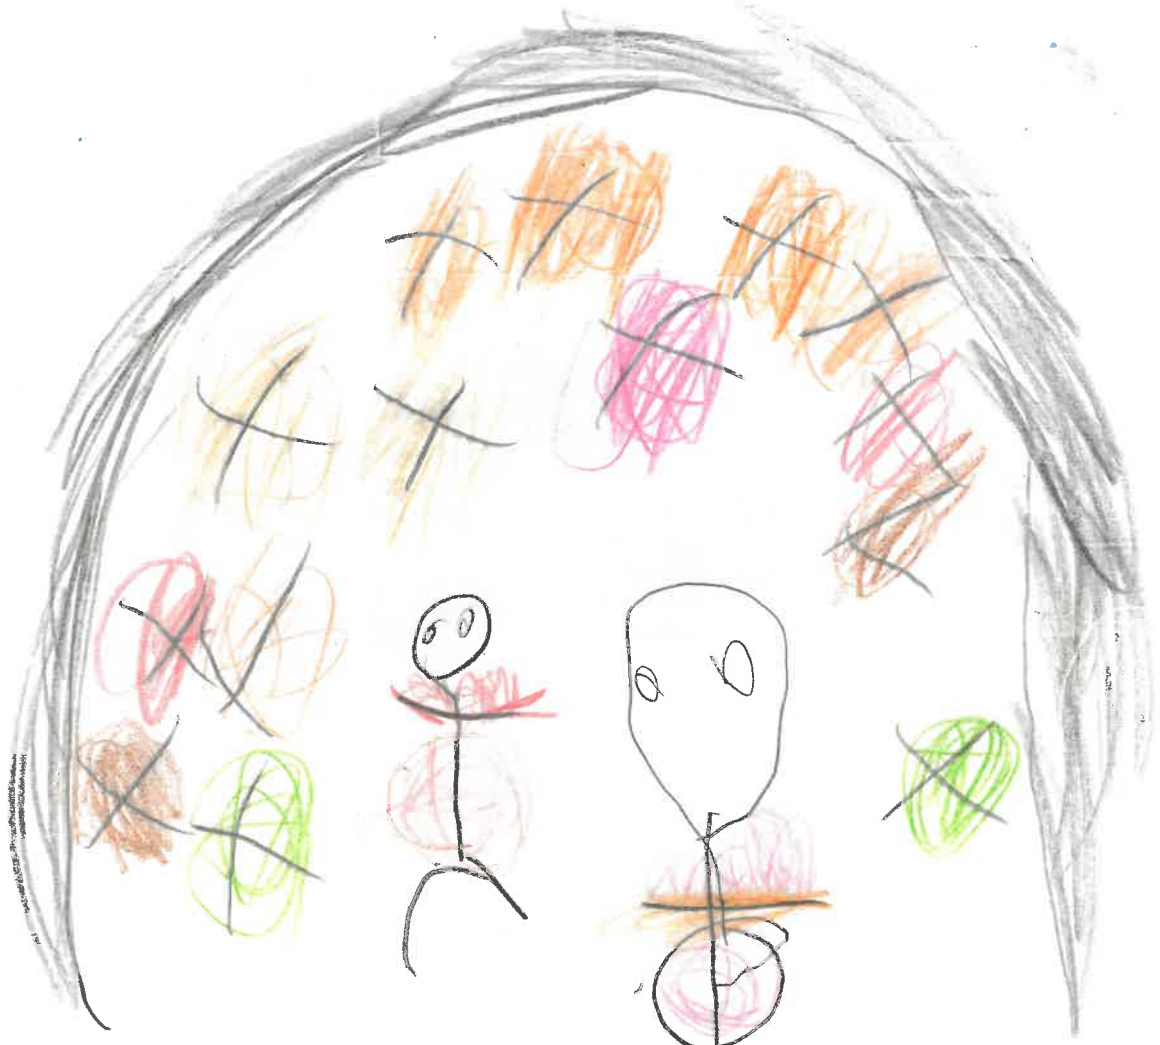

tent to learn about
tent to learn about

planets and stars.
planets and stars

We saw the moon.
We saw the moon.

In the planetarium
In the planetarium
they turned the lights
they turned the lights
off. We saw stars and
off. We saw stars and
it was magic.
it was magic.

We went to
 the parterium
 I saw the Earth
 I love the
 said LL love
 HM out so
 HM love the
 I saw parterium
 I love the dot

I Love it
bro the tent.

I love to play etarun
and I was a bit
frightened befor-
I saw the seals
come kuling and
sum made a bear.

We went to a planetarium
in Poughkeeps High School
to learn about space matters

and Earth and it was amazing

In the Goldilocks zone
is it is to close to the sun
it will burn but if it was
to cold it will freeze.

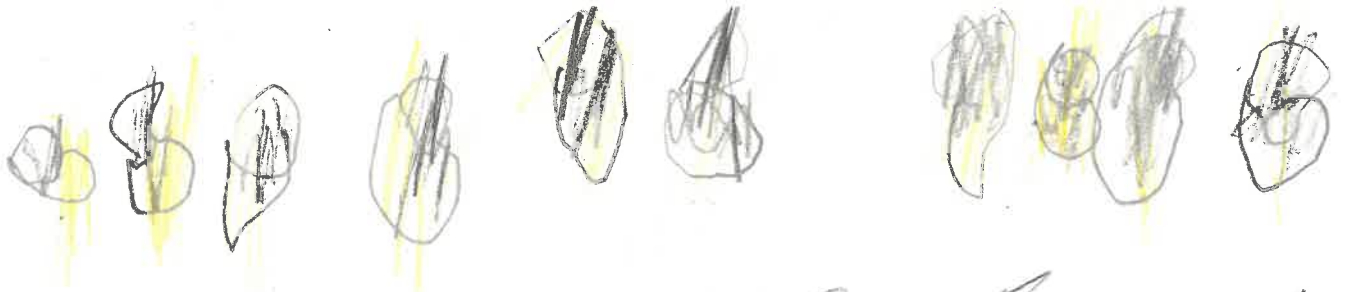

I went to the planetarium
 the swim.

I went to Poyhnan High School

I went in a rocket
 to the moon.

I went to a
 planetarium.

I went to space in a rocket.

We looked at
different surfaces, there
was a volcano. We saw
the moon, Jupiter and a
rocket.

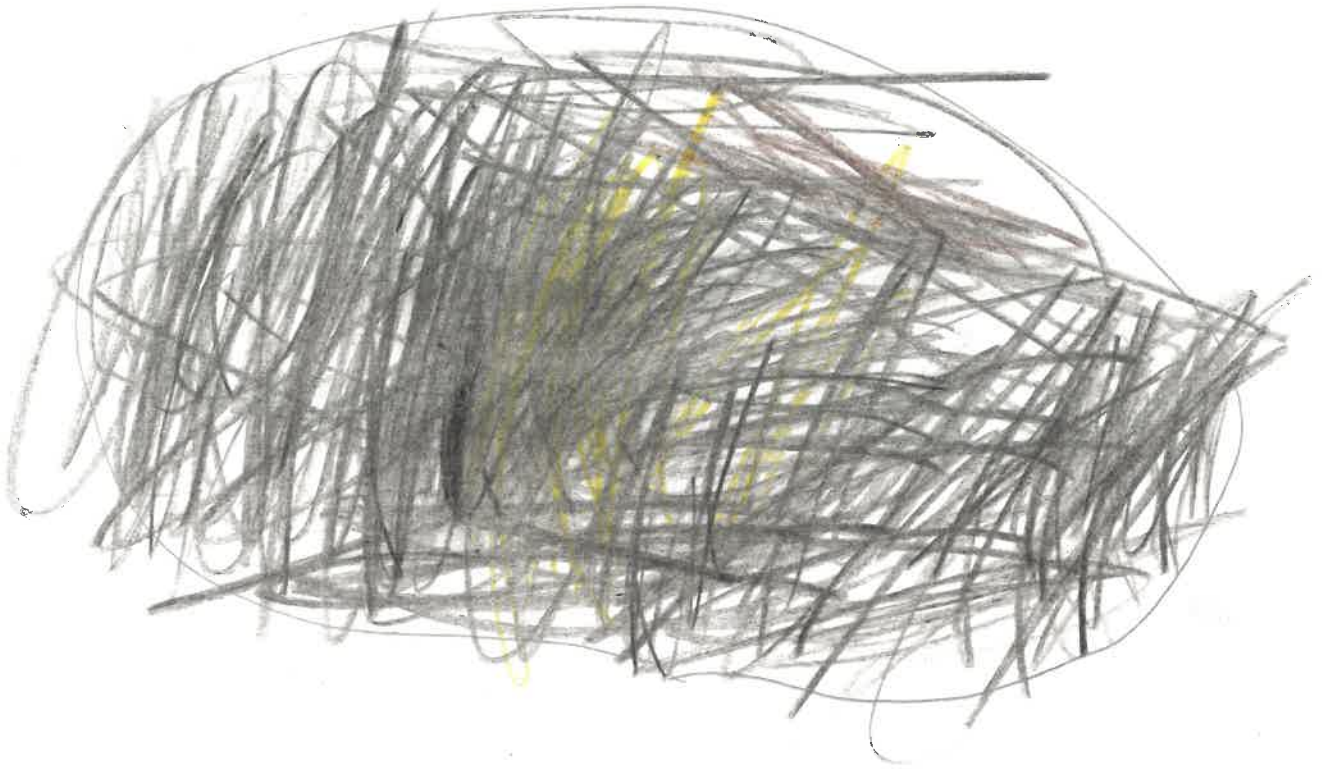

Men in the video
men in the video

talked about Mars,
talked about Mars

Jupiter, Uranus, Saturn
Jupiter, Uranus, Saturn

and Neptune.
and Neptune

In the planetarium
